**Notes to Editors:**

Power Metal Resources plc (LON:POW) is an AIM listed metals exploration and development company seeking a large scale metal discovery.

The Company has a global portfolio of project interests including precious metal exploration in North America and Australia together with base metal exploration in Africa. Project interests range from early stage greenfield exploration to later stage drill ready prospects.

The Board and its team of advisors have expertise in project generation, exploration and development and have identified an opportunity to utilise the Company's position to become a leader in the London market for investors wishing to gain exposure to proactive global metals exploration.
